

## New and improved SCI Marketplace

Solar Cookers International (SCI) recently launched the "SCI Marketplace," its new and improved on-line store for solar cookers and related products. The new marketplace provides a better shopping experience than the old on-line store on many levels.

*Marketplace*  
Solar Cookers International

Improvements include:

- ✧ A new, more pleasing user interface
- ✧ A more logical product categorization scheme
- ✧ Advanced search features
- ✧ Dozens of larger, higher-quality product images
- ✧ More detailed product descriptions
- ✧ User accounts and order history tracking
- ✧ Wish lists
- ✧ Additional payment methods, including American Express and PayPal

The SCI Marketplace is on the Internet at <http://65.108.108.197/catalog/>. As always, sales proceeds directly support SCI's nonprofit work spreading solar cooking and solar water pasteurization worldwide.
