Bees for Development is the small organisation with the big task.

Subscribe Today!

It exists to encourage sustainable beekeeping. At the heart of **Bees for Development** is the journal *Beekeeping & Development*.

We operate globally providing a vital link to beekeepers in developing countries who have no access to written information about beekeeping.

What our readers say:

"I have found Beekeeping & Development to be very useful - it gives me a picture of how beekeepers in other countries solve beekeeping problems and it encourages beekeeping among our local people".
Alex Mutale, Zambia

"I very much liked the new issue of Beekeeping & Development - colour and content".
James Fearnley, Chairman, Bee Health Ltd, United Kingdom

"Your article shows totally the situation of Asian beekeeping".
Professor Tetsuo Sakai, Japan

"A fantastic magazine"
Professor David Bellamy, Environmentalist

"I think your work is of immense global significance".
James Satterfield, USA

"Thank you for a brilliant magazine".
Mr P G Brown, United Kingdom

"Beekeeping & Development is very interesting. I have been receiving the journal for three years despite my inability to send the subscription. I am very grateful to the service taking care of the cost".
James Adegun, West Africa
