Subject: New: ITC Magazine on the Internet

Dear Partners and Friends of ITC,

As part of our continued efforts to reach a larger community of people who can benefit from our work, I'm delighted to bring to your attention our new online version of ITC's magazine, the International Trade Forum.

The magazine, published in English, French and Spanish, is now available online before the print version. I encourage you to visit the site, which contains many new features to rapidly find the information you need. Please do not hesitate to share your views with us.

I invite you to visit <http://www.intracen.org/tradeforum> to see the magazine online.

J. Denis Bélisle
